

GOVERNMENT SOLUTIONS

At the heart of Three H are people
driven by a passion for furniture & design.

Our history spans 50 years – and to this
day our focus centers around a commitment
to our valued customers.

Our professionally designed, critically acclaimed, award-winning office furniture is made in North America. And over 80% of major components, like steel, aluminum, glass, fabrics and laminates, are sourced within 500 miles of the factory. Working with customers across North American for over 45 years, we have earned a reputation for delivering the highest level of service and quality.

OPTION FOR EVERY NEED

Premiere Select

NEED FOR PRIVACY

The range spans premium to value options. In Premiere Select, premium materials and craftsmanship blend with minimalist aesthetics, seen in seamless cabinet fronts and elegant pulls. Beyond visual appeal, it's built to endure demanding workdays. The suites feature distinctive design elements like weld-free steel frame legs, floating shelves, and textured finishes, engineered for exceptional value across various projects and uses.

Focus-time functionality meets polished perfection.

Archive Storage

ORGANIZATION

Archive provides an extensive range of tailored storage solutions to elegantly arrange your spaces, whether you're storing, safeguarding, or showcasing items. This lineup encompasses tall storage, wardrobes, lockers & cubbies, and credenzas, all seamlessly working with our different product lines, including private offices as well as open and breakout spaces with integrated meeting areas.

MOS+

TEAMWORK

Elevate your aesthetic with smaller-footprint workstations that provide a slimmer profile than traditional frameless divider systems. MOS+ offers one-inch gallery panels and a choice between solid and wood-grain laminate and textured finish options. Take flexibility to new heights with adjustable surface integration or mix and match multiple height gallery panels in one configuration. Create semi-private rooms with tall panels, adding acrylic and accessory options to make every space feel satisfyingly functional.

HOOK UP

PLACES TO CONCENTRATE

Support people on the move with the Hook Up collection of workspace tables. A continuous slot between the top and rail frees you to group stations together, break them apart, and easily mount privacy panels. Sleek accessories attach anywhere along the desk rail using a simple thumb screw or mount privacy panels effortlessly and attain visual isolation for enhanced privacy. Choose from multiple configurations all available in standard powdercoat colors.

MEETING

QUICK CONNECTIONS

The Meeting Tables Collection offers an extensive range of options, spanning small to large tables, collaborative designs with diverse heights, and media-ready solutions. It boasts multiple finishes, power choices, and leg options – from sleek metal to substantial slab bases – ranging from 1" to 12" wide.

WE ARE MORE THAN CAPABLE. LET'S WORK TOGETHER.

There's no pressure to have your thoughts fully baked before you come to us. Our customer service team can take even the smallest spark of an idea to a polished plan that checks all your boxes. A dedicated Three H-er will work with you to come up with creative solutions, provide drawings and quotes, and even suggest layouts for your space. The best part? Whether you're designing two workstations or an entire floorplan, you'll enjoy the same bespoke service at no extra cost. Find our CET Libraries at: my.configura.com
