

# Hook Up

## INSTRUCTIONS

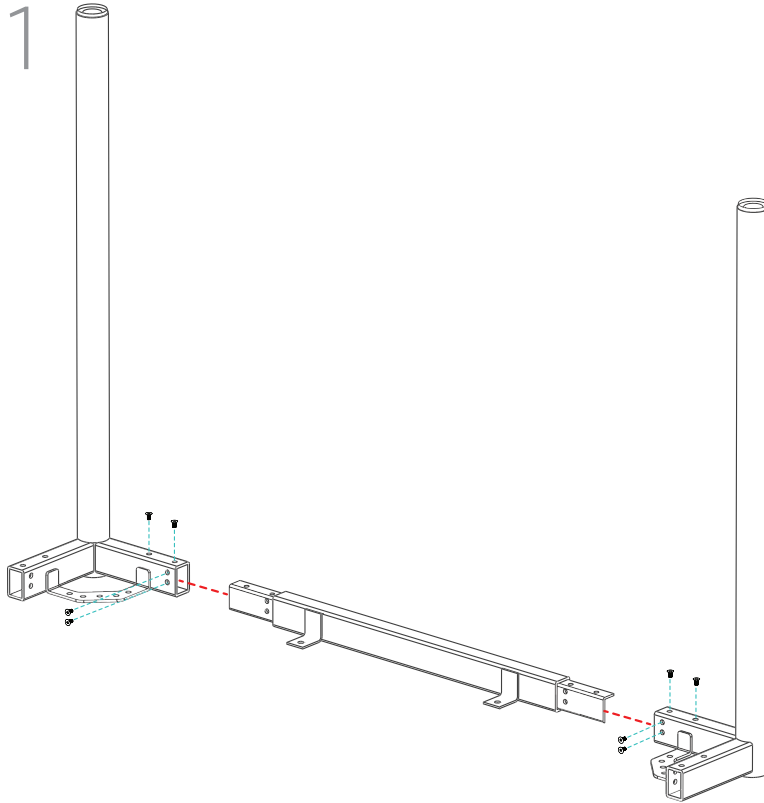

### Transaction Desk

three h

1

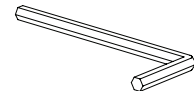

Slide both Worksurface Legs onto the Short Frame.

Fasten the legs to the frame using the provided M6x10mm flathead screws. Do not fully tighten, only enough to keep together.

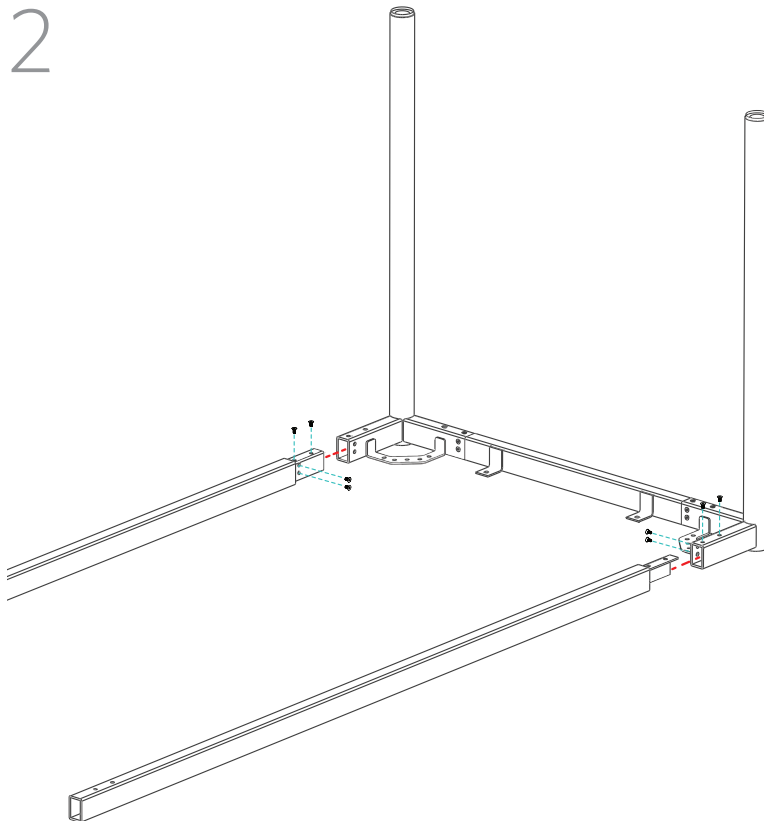

M6x10mm  
Qty: 8

Allen Key

2

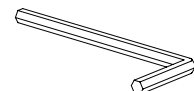

Slide the Long Frames into the Leg brackets.

Fasten the frame to the legs using the provided M6x10mm flathead screws. Do not fully tighten, only enough to keep together.

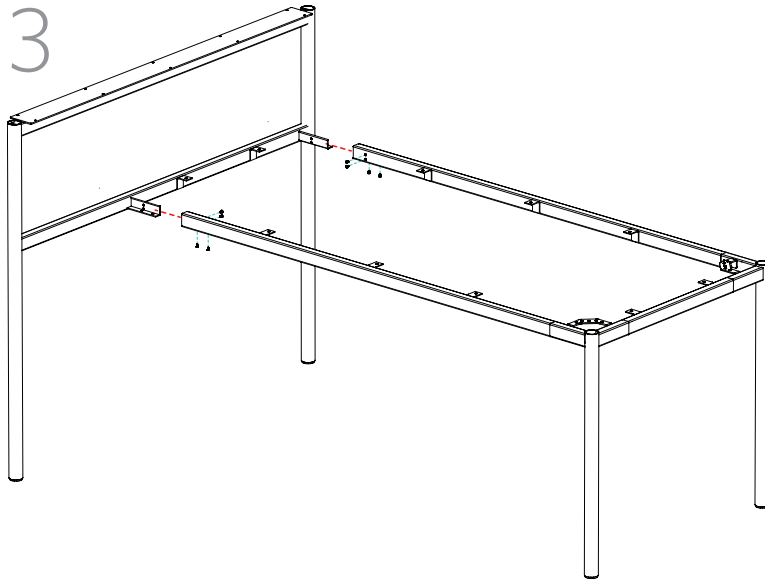

M6x10mm  
Qty: 8

Allen Key

3

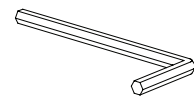

Flip the parts from Step 2 so the feet are on the ground. Slide the Transaction Leg into the Frame slots.

Fasten the legs to the frame using the provided M6x10mm flathead screws.

Proceed with tightening ALL M6x10 screws equally around the frame.

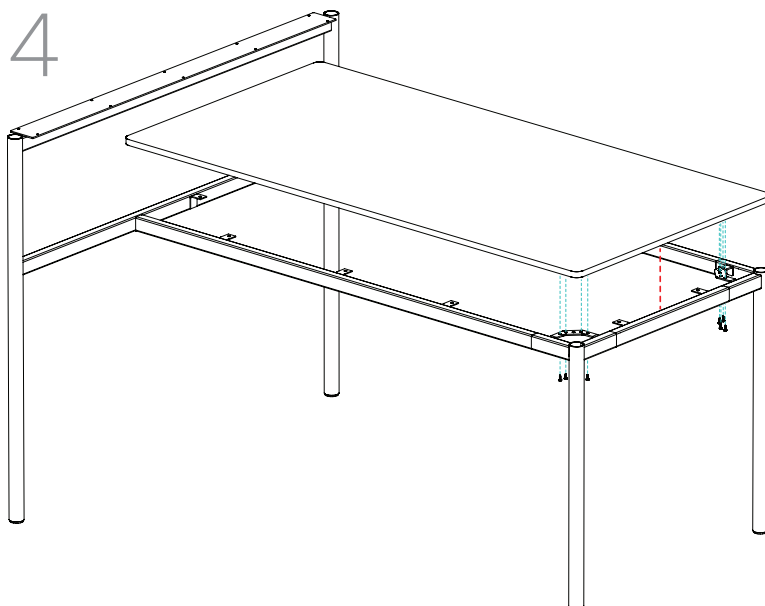

M6x10mm  
Qty: 8

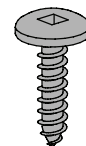

Allen Key

4

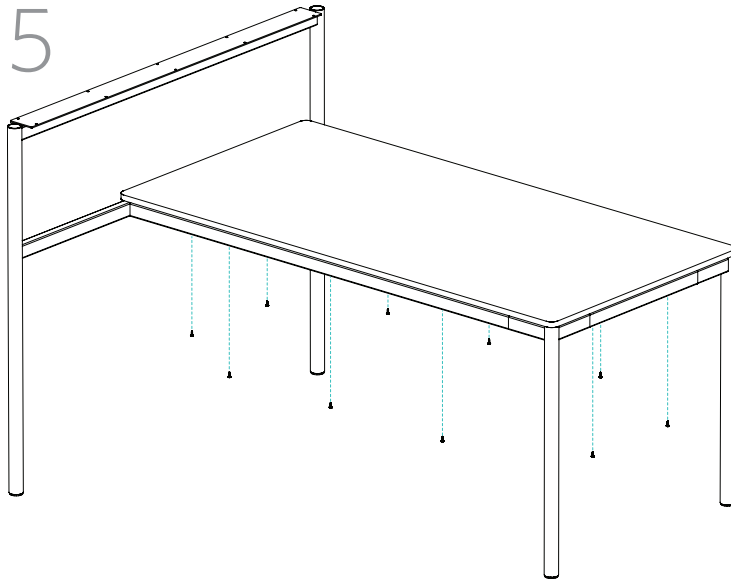

Lower the Main Worksurface into place centered over the frame. Verify all leg tubes are equal distance from surface edges (approximately 1/8" overhang). Apply one #8 x 7/8" Panhead screw on each corner leg to start.

Once the surface is centered and in place with 1 screw per leg, fasten the remaining screws.

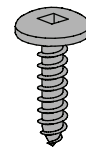

#8 x 7/8" Panhead  
Qty: 10

5

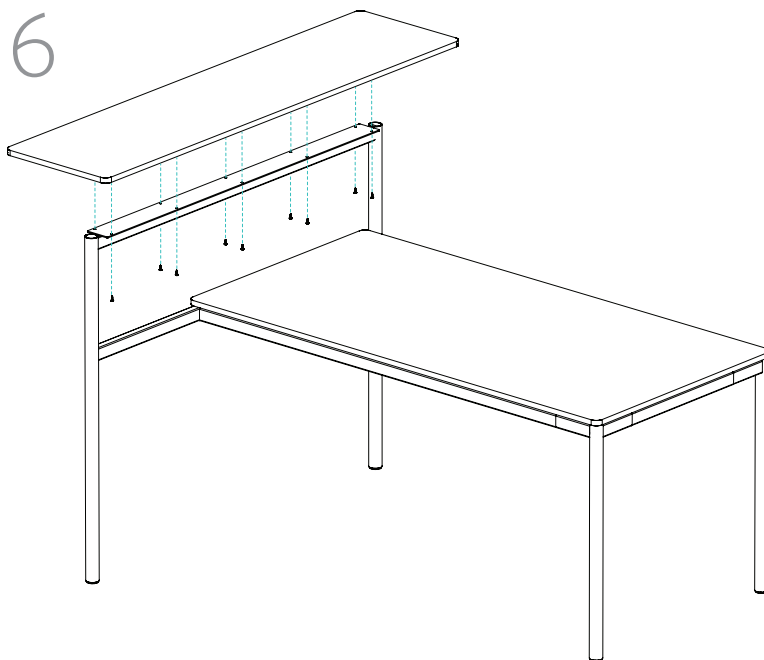

Continue to fasten the worksurface to the frame using the small L brackets and provided #8 x 7/8" Panhead screws. The quantity of screws will depend on the length and depth.

Use a power drill as there are no pre-drilled holes for this step.

#8 x 7/8" Panhead

6

Lower the Transaction Counter into place centered over elevated frame. Align the touch-points and fasten the surface to the transaction bracket using the provided 5/8" Panhead screws.

**Ensure you have the correct screws, anything longer than 5/8" will damage the top.**

Finally, adjust the levelers and tighten any remaining screws.

5/8" Panhead  
Qty: 10
